

DURING THE WEEK OF JUNE 21, 2010,
 THE CONTRACTOR PLANS TO MILL/RECLAIM THE STREETS AS IDENTIFIED ON THE MAP ABOVE.
 Please be aware that the Contractor is planning to mill/reclaim your street on June 24 & 25, 2010, weather permitting; the bituminous pavement will be milled/reclaimed. In order for the Contractor to complete the work in a timely manner we are requesting that you do not park on the streets during the time of 7:30 a.m. to 8:00 p.m.

The bituminous millings and underlying gravel will be left in place as a driving surface until underground utility construction begins in the area. Access to driveways will be maintained to the fullest extent possible. We are anticipating underground utility construction to begin on July 6, 2010.
