CURRENT AND UPCOMING WORK

Wet weather the past week has slowed some of the construction. GM Contracting is currently working on the water main connections to the water tower, which is the last of the remaining underground utility work. Curb Masters has completed most of the curb and gutter along 2nd and 3rd Street and is currently working on concrete driveways.

Next week, GM plans to finish the remaining water main construction. Curb Masters will continue with concrete driveway and curb construction. WW Blacktopping will be working on excavation and aggregate construction on 3rd Street south of the RR tracks.

Access to the alley is available off 3rd Street. Access to the Eagle's Nest is available via a temporary gravel driveway off Parkway Avenue. Access to the Eagle Lake Fitness Center is available off 3rd Street north of the RR tracks or from the Legion Parking lot. Parking for Uncle Albert's is available on the south side of the building and along Parkway Avenue and Center Avenue.

CONCRETE CONSTRUCTION

As mentioned above, concrete curb and driveway construction is proceeding along 2nd and 3rd Street. Please note that the concrete will need to cure for at least 1 week prior to vehicles being allowed on it. Please avoid driving on, walking on, or touching the fresh concrete.

E-MAIL NEWSLETTER

If you would like to be added to the e-mail distribution list for the project newsletter, please contact Brian Malm at brianma@bolton-menk.com.

CONSTRUCTION QUESTIONS

Questions regarding construction activities and schedule, access, water shut-downs, etc. can be directed towards the on-site construction representative Steven DenHerder at 507-380-2691, or to Brian Malm at 507-381-7511 or brianma@bolton-menk.com.
