BOLTON & MENK, INC., CELEBRATES FIFTY-SIX YEARS!

On June 13, 1949, John Bolton & Martin Menk commenced business in a small garage in Saint Peter, Minnesota. We annually reflect on the founding of our firm to remember that the successful consulting business of Bolton & Menk was a dream of John & Martin. From their humble beginning as a two-person, one-office operation, we have grown to a nearly 250-person, 7-office powerhouse! Through all of that, their mission, back in 1949, was very similar to the mission statement that we espouse today:

“To secure projects and provide top quality engineering and survey services in a timely, efficient and profitable manner with an emphasis on service and client satisfaction.”

Happy 56th Anniversary Bolton & Menk!

Bolton & Menk, Inc., ranked in the Top 500 Engineering Firms by *Engineering News Record* (ENR), provides services in the areas of municipal, environmental and, transportation engineering together with water resources and land surveying services. Established in 1949, our staff of over 240 professionals and technicians is available to assist clients in meeting the ever-increasing demand for quality engineering and surveying services. With the corporate office in Mankato, the firm also operates offices in Fairmont, Sleepy Eye, Burnsville, Willmar, and Chaska, Minnesota; and Ames, Iowa.
