

**BOLTON & MENK, CITY OF ST. JAMES AND WATONWAN COUNTY  
RECEIVE 2004 CONCRETE PAVING AWARD**

Bolton & Menk, Inc., Consulting Engineers and Surveyors are pleased to announce the CSAH 12 project in St. James was awarded a Merit Award from the Minnesota Department of Transportation and the Concrete Paving Association. The award was given in recognition of the high quality concrete pavement construction performed and the project was rated the best project of its type completed in Minnesota during 2004.

The project was a joint project between the City of St. James and Watonwan County. As the City Engineers, Bolton & Menk designed the sewer and water main replacement and extension while the County replaced the storm sewer and driving surface. Bolton & Menk and St. James Staff worked with the County during construction to place the city-owned utilities. The entire project was completed in 2004 and was a single contract administered by Watonwan County.
