

HAEFNER JOINS FAIRMONT OFFICE

Joseph Haefner, L.S., from the Mankato Survey Division, has transferred to the Fairmont Office to serve as Project Surveyor. Initially, Joe is assisting in the direction of survey operations in the Fairmont office and will, as transitions are completed, oversee professional surveying activities in that office.

Mr. Haefner's experience includes construction staking, boundary and topographic surveys as a member of a Survey Crew. He also has experience as a survey technician and preparing construction staking information for the survey crews. Mr. Haefner's current experience includes preparing Boundary, Topographic, Engineering Design Surveys and ALTA/ACSM Land Title Surveys.

Joe joined the firm working summers in 1997 and began working fulltime in 2001. He attended South Central Technical College where he obtained an AAS degree in Land Survey Tech and St. Cloud State where he graduated with a B.S. degree in Land Survey Mapping Science. Joe is a member of the Minnesota Society of Professional Surveyors and also of MSPS Chapter One. Joe recently was licensed by Minnesota as a Professional Land Surveyor.
