

### **Huseby Honored By Minnesota State University, Mankato**

Bolton & Menk, Inc., Consulting Engineers and Surveyors, is pleased to announce that Jon A. Huseby, P.E., was recently honored by Minnesota State University, Mankato, Civil Engineering Board with an Outstanding Advisory Board Member Award.

The Award recognizes Jon for his leadership on the Advisory Board and for his contributions to the initial efforts in organizing the Civil Engineering program at Minnesota State University, Mankato. The Award was presented by Dr. John Frey, Dean of the College of Science, Engineering and Technology and Dr. Karen Chou, Associate Professor of Civil Engineering.

Mr. Huseby is a Transportation Group Manager with over twenty-one years of experience in the transportation engineering field. He is responsible for managing the transportation planning, preliminary and final highway design and traffic projects for the Transportation Department of Bolton & Menk, Inc. Prior to joining the firm in February 2003, he was the District Engineer for the Mankato District of the Minnesota Department of Transportation (Mn/DOT).
