HEALTHCARE SERVICES

Partnering for Better Patient Experiences

Bolton & Menk leads the way in the healthcare sector, embracing new trends and delivering exceptional service to healthcare clients. Our team is deeply committed to enhancing patient experiences at every level, working with many top healthcare providers such as Atrium Health, WakeMed, Tenet Health, Duke Health, and many others.

Designing Environments for Optimal Care

We provide comprehensive services in master planning, civil engineering, traffic/transportation, and landscape architecture for various healthcare facilities, including outpatient clinics, ambulatory surgery centers, medical office buildings, new hospitals, cancer centers, hospice and palliative care centers, and stand-alone emergency rooms. We create therapeutic outdoor environments that are welcoming to patients, staff, and visitors, offering spaces that connect with nature and provide respite and enhance the healing process.
