

PROJECT NEWSLETTER

2016 STREET & UTILITY IMPROVEMENTS July 27, 2016

According to the Contractor's schedule, the 2016 Street Improvement Project is scheduled to begin August 8th. Phase I of the project is Main Street, south of 2nd Street East to Highway 169 and is scheduled to be completed by mid-September. Phase II is planned to be the storm sewer improvement south of Main Street on 2nd Street. This phase should begin in mid-August and be completed by the end of September.

The final phase of this project is Main Street south of Fremont Drive. This phase is anticipated to start mid-September and be completed by mid-October.

Traffic control and road closure signage are anticipated to be placed around the project area starting August 4th. There will be a flurry of activity on the project as the Contractor works toward completing the project by the end of 2016 construction season.

Construction schedules and operations are controlled by the Contractor and are subject to change. Project newsletters will be distributed by the Resident Project Representative and posted to the following websites on a weekly basis:
