### PROJECT SCHEDULE

The project area streets are now open to traffic. The contractor will be completing some restoration efforts and other minor cleanup items in the spring. Pavement striping will occur in the spring when the weather is warmer.

### CONSTRUCTION

#### Lawn Restoration

All yards will be restored with sod or temporary mulch stabilization before the winter. The contractor will be coming back in the spring to place sod wherever temporary mulch was used this fall and will be fixing any imperfections in the sod that was placed in October or November. Residents will receive (or have received) a notice in their door with more details on turf restoration.

### ACCESS, PARKING, & COMMUNICATION

This will be the final newsletter for 2018. A newsletter will be sent out in 2019 prior to spring clean-up work with information on that timing as weather allows. Typically sod becomes available in May once weather has warmed and turf has begun growing on sod farms.

Residents can contact Josh Hrabe at (612) 965-2473, who is the on-site contact there to represent the City and its residents through the construction process.

#### Weekly Construction Updates

To subscribe to more frequent updates (typically weekly), navigate to the project website at

 [Sign-up for electronic project updates](#)

[www.hopkins2018.net](http://www.hopkins2018.net) and click on the "Sign-up for electronic project Updates" button.

Subscribing to these updates will provide you with the most up to date project information and schedule. If you have already subscribed to these updates, please spread the word to your neighbors.

## SAFETY

The contractor will do everything they can to make the project area safe for residents. However, residents should be aware of their surroundings when walking or driving near construction equipment. The City asks that residents keep their distance from construction equipment in use and utility trenches. There are also materials that can cause harm if caution is not used such as hot asphalt pavement. Please keep children and pets away from construction activity and open trenches as they might not be aware of the dangers.

If you see anything that you feel is unsafe, please do not hesitate to call Josh Hrabe.

## THANK YOU!

This was a challenging construction season between the inclement weather and the multiple nearby construction projects. We appreciate everyone's patience throughout the construction process as we know it can be difficult and frustrating at times to live on an active construction site. Thank you for cooperating with us while we worked to improve your streets and utilities over the past several months!

## CONTACT AND WEBSITE INFO

Josh Hrabe, of Bolton & Menk, Inc., will be on the project site representing the City and its residents and business owners. If you have any questions regarding this newsletter, the project, or anything in general, you may approach him on site or call his cell phone at (612) 965-2473. He can also be reached via email at [joshhr@bolton-menk.com](mailto:joshhr@bolton-menk.com)

Nick Amatuccio, of Bolton & Menk, Inc., is the Project Engineer overseeing the construction process and will serve as a secondary point of contact. He can be reached at (612)-965-3926 or [nickam@bolton-menk.com](mailto:nickam@bolton-menk.com)

Mike Waltman, of Bolton & Menk, Inc., is the Project Manager working on behalf of the City and its residents. He can be reached at (952) 890-0509 or (612) 221-6946 or [mikewa@bolton-menk.com](mailto:mikewa@bolton-menk.com)

Eric Klingbeil is the Assistant City Engineer for the City of Hopkins. He can be reached at (952) 548-6357 or [eklingbeil@hopkinsmn.com](mailto:eklingbeil@hopkinsmn.com)

Joe Shamla is the Senior Engineering Project Manager for the City of St. Louis Park. He can be reached at (952) 924-2552 or [jshamla@stlouispark.org](mailto:jshamla@stlouispark.org)

Website: The website will be updated approximately weekly with the latest project info throughout construction, and residents can sign-up for weekly email updates through the website. The site URL is [www.hopkins2018.net](http://www.hopkins2018.net)

If you would like this newsletter in alternative formats or languages please contact Eric Klingbeil at [eklingbeil@hopkinsmn.com](mailto:eklingbeil@hopkinsmn.com) or 952-935-1834.

Si desea obtener este boletín en alternativa formato o idiomas por favor contacta a Eric Klingbeil al [eklingbeil@hopkinsmn.com](mailto:eklingbeil@hopkinsmn.com) o 952-935-1834.
